

Brushless All-in-one

High-efficiency | High-accuracy
Super silent|6:1 Contra-angle

Technical parameter Brushless All-in-one

Contra angle	6:1	
Rotate speed	120~1000rpm	
Torgue	0.6~4.0N.cm	
Working modes	FWD,REV,REC,ACC,ATC	
Lithium battery	3.7V/1900mAh	
Motor	Brushless	
Screen	0.96 inch TFT color LCD	

Endo motor & Built-in Apex

ATC、ACC technic makes operation simpler and safer

Adjustable reciprocating angle

Precise rotation angle, reduce the risk of needle breakage, higher preparation efficiency. Smooth, low noise and small vibration.

High-performance brushless motor

High precision Hall sensor control. Large torque, high speed and fast response. More stable and accurate. Low wear, low heat and longer service life.

USA Imported chip

Ai algorithm
Smooth and efficient cutting
Accurate to 1°

Built-in File system

Remote system upgrade

Visible colorful TFT screen

1900mAh lithium battery

Five working modes

6:1 Contra-angle

Brushless motor

Built in Apex

360° Adjustable handpiece

Preset for many kinds files program

Operation noise below 45dB
